THE MASONIC TEMPLE

Will Be Built—Work to Begin In a Short Time.

The Masonic Temple, the foundation of which was laid nearly two years ago, is to be erected soon. The difficulties under which the board of directors have labored for some time have at last been overcome and it is expected the contractor will resume operations next week and the work will go right along, as almost all of the material is gotten out and ready to go into the building—the iron front on the ground, the stone for the front dressed and stored away only a few blocks distant, and the other material within easy reach. The building will be three stories instead of four, as originally intended, with handsome stone, iron and plate-glass front. On the ground floor there will be two large store-rooms, the second story will doubtless be occupied by the Young Men's Christian Association, while upon the third floor will be located the lodge rooms to be used by the Masonic fraternity. It will be a handsome structure and will fill an ugly gap in that part of the city.

A Handsome Office.

The Allen-Bradley Company have removed their office from the lower floor of the W. A. Gaines & Co. building to the second story of the same building, over the store-room occupied by Messrs. Mastin Bros., where they have large, airy quarters, with plenty of desk room for their clerks and an elegant private office. The offices are handsomely fitted up, wainscoted in oak, hard oil finish, and the walls painted in colors pleasing to the eye. The entrance is the same as that to the office of Messrs. W. A. Gaines & Co., a door having been cut in the wall between the two.

The room vacated by the Allen-Bradley Co. is being fitted up for the Postal Telegraph Co., who will occupy it as soon as their lines are run into the city.

Without Ball.

The examining trial of Richard Suter, charged with the murder of Harry Kelly last week, was begun before Judge B. G. Williams Tuesday morning and not concluded until Wednesday afternoon. Some very damaging evidence against the accused was brought out in the trial and the court held him over without bail to the next term of the Circuit Court, which meets next month.

N. B. Hoover, bar-keeper in the saloon where the killing took place, who was arrested as an accessory to the killing, will be tried to-day.

Council Proceedings.

The regular meeting of the common council was held on Tuesday evening.

An ordinance granting the American Telephone Company the right to use the streets and alleys for setting their poles and stretching lines, was given its first passage. The same was given its final passage at a called meeting Wednesday morning.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

The ordinance giving the Western Union Telegraph Company the same right of way was passed a second time.

An ordinance providing for an electric light at the corner of New and Short streets and also at the Workhouse, was adopted.

Mr. Marshall stated that Prof. Nelson had agreed to come and make an examination of the new bridge, provided his expenses were paid. He was requested to come and see if the structure needed any repairs.

A communication from the Secretary of War to Senator Lindsay, in relation to the old drift pile, just above the new bridge, was received and read. The Secretary states in substance that when the remainder of the piers are removed, and the rock moved from the lower end of the drift pile, that the Government boats can then move the drift which he does not think is now interfering with navigation.

On motion, action under the resolution in relation to the removal of the toll gate on the Lewis Ferry pike was suspended for sixty days, in order that the Circuit Court may have an opportunity of passing upon the question involved.

There being no further business the council adjourned.

Kicked by a Horse.

Lee Clarke and George Letcher, two young colored men of this city, procured a horse and road cart from Messrs. Mangan & Darnell Sunday and drove to Versailles. That night while driving along Main street in that place the horse became unmanageable and began to kick. Clarke was kicked upon the right leg, breaking the bone between the knee and ankle, and was also badly bruised. Letcher had the flesh torn entirely away from the bone of his left leg below the knee. Both young men were brought to their homes in this city, and will be laid up for some time.

To Cleanse the System.

Effectually yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers use Syrup of Figs.

Paris Fair.

The annual exhibition of the Bourbon County Agricultural Society will be held at Paris on the 4th, 5th and 6th of September. This is the oldest fair in the State and always has been a first-class one.

Off For Camp.

The McCreary Guards of this city left Wednesday morning on the 9:50 train for Henderson to go into camp for two weeks with the other companies composing the Second Regiment Kentucky State Guards. The company was escorted from the armory to the station by a large crowd and presented quite a soldierly appearance as they marched through the streets laden with knapsacks and the other trappings incident to active service and reminded one of old war times. On the train the boys joined the companies from Lexington, Winchester and other towns east of us and at Louisville the whole regiment was united and went from there by special train to Henderson.

Captain Gaines, by constant and careful drilling, has made this company, although a young organization, almost perfect in the manual and evolutions, and if the boys do not march away with the flag in the competitive drill at the camp it will be because of some unforeseen accident and not because their work before going on the field to contend for it does not entitle them to it.

A Successful Meeting.

The basket meeting held by the congregation of St. John's A. M. E. Church at Thorn Hill Park on Sunday was a complete success and an exceedingly orderly and well conducted gathering, reflecting great credit upon Rev. J. W. Frazier, the pastor. No huckstering or selling of any kind was allowed on the grounds and there was such an abundance of provisions furnished that after the nine hundred people had feasted at dinner time enough was left for 'tully as many more. A small charge was made for admission to the grounds, and from this source and from contributions one hundred and sixty-two dollars was cleared for the benefit of the church.

Two sermons were preached—one by Rev. Dr. Benjamin, of Cincinnati, and the other by Rev. Dr. Chambers, of Lexington—both of which had the close and respectful attention of the large congregation.

Repairing the Court Room.

The State Librarian, Mrs. Day, is having some needed repairs made in the court room of the Court of Appeals, in the old Capitol building. The plastering of the ceiling having become dangerous, as it was liable to fall at any time, it has been removed and the room will be ceiled with pine. While the ceiling is off the joists of the floor of the hall of the House of Representatives above will be strengthened also, to prevent any possibility of the floor giving away under the weight of a large crowd.

TEACHERS' INSTITUTE.

Change In the Place of Meeting of the White Teachers Made Necessary.

Owing to the fact that workmen will begin next week putting repairs upon the Court House, the meeting of the County Teachers' Institute announced to be held there, beginning on Monday and continuing through the week, will have to be changed to the chapel of the city school building on Second street, and all teachers are notified to report there Monday morning.

A concert for the benefit of the teachers' library will be given at the Opera House on Thursday evening, August 22d, by home talent, assisted Miss Mary Pattie, a charming young vocalist, from Richmond, and Master George Smith, the violinist, of Cincinnati. Prof. Wayland Graham will be the accompanist and Prof. Wolfe's Orchestra will render several pieces. The price of admission will be announced later.

The Colored Teachers Institute will be held at the colored city school building, commencing on Monday, August 26th, and will be conducted by Prof. J. H. Jackson, of the State Normal School. All of the colored teachers in the county holding certificates are required to attend this meeting.

A Runaway Caught.

Annie Ferguson, a young girl sixteen years of age, becoming tired of her home in Madison, Indiana, boarded one of the boats running in the Kentucky river trade when it touched at Madison one day last week and came up the river, leaving the boat at one of the landings above this city. Chief of police Tobin was telegraphed to look out for her, and located the girl at the home of John Finn, in this county, where she was stopping temporarily. On Monday her brother-in-law came to this city and together with Chief Tobin drove out to Finn's and succeeded in persuading the girl to go home with him. The girl is said to be pretty and attractive and gave as a reason for leaving home that she wanted to go out into the world and make her own living.

May React Next Week.

Prof. Irl R. Hicks, the weather prophet, who has been very accurate in his predictions this summer, has this to say of the weather for the balance of the month:

About the 16th great heat will recur, during which storms will threaten in many places, but as a rule they will result in little rain and much bluster. The times of respite from summer heat will, as a rule, fall between the storm dates of the calendar, beginning in extreme western sections before the end of the storm periods. From 19th to 22d is a reactionary period, with new moon at an eclipse on the 20th. Heavy summer storms with earthquake probabilities about the 20th and 21st. Colder weather will follow about 25th, 28th. Mercury equinox on 30th will effect storms of this period with much cloudiness and rain, and very cool weather following. Probably frost in extreme north, about 26th to 30th. Month ends growing warmer, with storm conditions reappearing in the western sections.

The Professor hit center on yesterday for it was a Jimmy Sweetner, and everybody is ready for the reaction he predicts for Monday.

Attended the Conference.

Mayor Julian and County Judge Williams attended the conference of city and county officials who favor a further contest in the bank tax cases which were decided in favor of the banks by the Court of Appeals shortly before the adjournment of the court in June. The meeting perfected arrangements for concerted action and arranged to secure additional counsel to look after the case now pending before the Court of Appeals upon a petition for rehearing and also before the Supreme Court of the United States in case an appeal is taken to that court.

Improvements.

The new storeroom of Mr. John A. Kleber, on Bridge street, is completed and he is moving his stock into it.

The new brick residence of Dr. O. H. Reynolds, on Third street, is completed and Miss Eliza Overton, who has rented it, took possession yesterday and moved in.

Rhody Better.

The following from the Midway Clipper will be good news to the friends of Col. Rodenbaugh in this county:

It is gratifying to the numerous friends of Col. H. C. Rodenbaugh, the genial and popular proprietor of the Hotel Woodford, who was shot last Monday week by W. N. Lane, to know that he is steadily

improving, and there is a chance for his recovery. His wounds in the face and abdomen are both doing splendidly and give evidence of healing in a satisfactory way. The attending physicians are very much encouraged by the developments of the past few days and express the opinion their patient may recover from the wounds but the effect of the paralysis will always be felt.

Connected by Telephone.

The Midway Clipper says Mr. Robert P. Pepper, as manager of the Pepper estate, is having telephone connection put up between the South Elkhorn Stock Farm in Scott county and the farm occupied by Mr. Lloyd Featherston, near Midway, both of which are owned by the late Col. Pepper's heirs.

Epidemic of Fever.

Typhoid fever is epidemic in Woodford county. There are eight cases in the neighborhood of Pisgah and Mt. Vernon.

Our neighborhood was well represented at the Elkhorn Baptist Association Tuesday, Wednesday and Thursday, which body convened with the Stamping Ground church.

A goodly number of our people contemplate attending the Franklin Association at Mt. Vernon next Wednesday and Thursday. The American Telephone and Telegraph Co. have been in our midst several days this week with a large force constructing a line of communication along the Frankfort and Georgetown route, causing quite a business revival for the time being.

Mrs. Mary Steadman and Miss Wianna will arrive home to-day from a visit of several weeks to relatives in Union county.

Rev. W. H. Whitsett, D. D., President of the Southern Baptist Theological Seminary, Louisville, and Rev. W. J. Williams, of Hopkinsville, have been rusticated in this section for a few weeks.

Miss Sallie Samuels has returned to her home at Stamping Ground from a recent visit to friends in our village.

Mrs. Julia Hughes has returned home from a visit to her daughter, Mrs. Mattie Crum, at Beard's Station.

Miss Sallie Webb, of Cincinnati, is the guest of Mrs. Virge Featherston.

Mrs. Julia Lucas and daughters have been at Monterey, Owen county, for the past two weeks ministering to the wants of Mrs. Harrietta Head, Mrs. Lucas' mother, who sustained severe injury recently by falling down a flight of steps. We are glad to

announce, however, that Mrs. Head is much better at this writing.

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky, as second-class matter.

GEO. A. LEWIS, Editor and Pub.

FRANKFORT, AUGUST 17, 1886.

PRESCRIBE A UNIFORM

For the Children in the Public Schools.

Now that the time is approaching for the reopening of the Public Schools, would it not be a good idea to prescribe a uniform dress for the pupils—something substantial but not expensive and within the reach of the children of the humblest mechanic and laboring man—requiring rich and poor alike to dress in the same material, so that the poor man's child, when he goes to school clothed comfortably but cheaply, will not be made to feel his poverty when seated along side of the son or daughter of well-to-do parents, who is expensively and gaudily clad. Plain and substantial clothing is always best for school purposes, and if a rule is adopted requiring the children to be dressed as above it will do away with much of the complaint we hear, that the poor people will not send their children to school because they cannot afford to dress them suitably, will be done away with.

THE PURPOSE OF EDUCATION.

Some Obstacles Met in Accomplishing That Purpose.

GEO. ROBBINS.

We have shown that the study of geography leads into nature studies and also is instrumental in moral culture. It deals more particularly with the practical. Let us look at another basal study. Nature unobscured is fit only for the dwelling-place of wild beasts and savage man. Oceans must be crossed, mountains must be tunneled, raw products must be transformed and transferred so as to nourish man and protect him. The ocean steam ship, the railroad, the electric light and a thousand other things all indicate man's intellectual activity. These things are results of the study of physical and chemical sciences. These sciences appeal very strongly to man's intellectual nature. Arithmetic is the basal study which prepares for the study of physics and chemistry. It is a mistake for the teacher to emphasize the commercial nature of arithmetic as all important when presenting it to his pupils. This is the most ineffectual incentive he can use. He should impress upon their minds that arithmetic is an exact science, that it deals with truth, and thus inspires them to a love for truth, that arithmetic is but an introduction into that group of studies which deals with the truths of nature made known by the intellect. The teacher should look higher and yet higher and see in that subject the beginning of the possibility for man to assume that dominion over nature which the Creator's words imply when He said to Adam "Subdue it and have dominion over all the earth."

That the presentation to the child of the ultimate value of arithmetic as of practical benefit is ineffective depends upon the natural method of the child's acquisition of knowledge. He manifests no interest in the far distant. He lives in the present and attends closely to those things only which bring him immediate returns. Those returns must be either pleasurable or profitable to

him. He may be compelled to engage in the studies of the school room in a mechanical way because authority is stronger than he. The facts of his text-book studies are based upon the authority of the author; the facts not found in text-books, when presented to him are founded upon the authority of the teacher. The rules and regulations of the school upon the authority of the officials. A pupil accustoms himself to submit slavishly to authority because his teachers and others having his welfare in their hands are themselves not enjoying rational freedom, but are on a plane of arrested development. No wonder the pupil rebels against authority sometimes. His rebellion is oftentimes his best nature calling for rational treatment.

The Long Distance Lines.

Last week we said the lines of the Postal Telegraph and Long Distant Telephone had reached the city, whereas only the telegraph line had reached town, the work on the Telephone having been suspended just outside this city. The telegraph line enters the city at the south end of Shelby street, coming down as far as Todd, thence over to Main street, South Side, down Main to the river, crossing the river just below the Arsenal. This route is made necessary to avoid the numerous shade trees on the other streets. Work on the telephone line has been resumed and it will come down the Louisville pike and in Second street.

She Did Not Suffer.

Three months before our first child my wife suffered so from cramps and pains she could not get in or out of the house without help, and was often in bed for two or three days at a time. I obtained a bottle of "Mother's Friend," and after the first application pains and cramps ceased. She continued to use the remedy and suffered no serious inconvenience until the hour of confinement—at which time she suffered but little pain—her recovery was rapid and complete—in fact, she suffered no pain after birth. Her friends say they never saw anything to equal her case. Truly "Mother's Friend" is a blessing to expectant mothers, and my wife shall never be without it.

THE NEW F. F. V. LIMITED

Commencing Sunday, May 13th, the F. F. V. Limited will leave Cincinnati daily at 12:20 noon, arriving at Washington at 7:40 a. m., Baltimore 9:00 a. m., Philadelphia 11:20 a. m. and New York 1:40 p. m. The train will consist of Composite Car, Elegant Day Coach, with Smoking Compartment, Dining Car, Pullman Sleeping Cars of the latest and most improved design, and an Observation Car. Emphasis is especially placed on the Observation Car. Built by the Pullman Company from Chesapeake and Ohio plans, the F. F. V. Observation Cars serve their purpose better than any others that have ever been constructed.

As the F. F. V. Limited is the only train having an Observation Car attached, it necessarily follows that the Chesapeake and Ohio R'y alone has scenery interesting enough to demand an Observation Car. The F. F. V. Limited is the only train running through from Cincinnati to New York that enables the business men to transact business in Cincinnati one day and New York the next. It is the only train for Jersey City Coast resorts, which are reached by the F. F. V. at dinner time instead of in the evening. It is the only train that enables business men to transact business in Cincinnati one day and reach Washington for breakfast the next morning. It is the most desirable train for New England resorts, connections being made in the Union Depot in Washington with the Colonial Express running through to Boston which reaches New Haven 4:10 p. m., New London 5:30 p. m., Providence 7:15 p. m. and Boston 8:30 p. m. The F. F. V. is the only modern train lighted throughout with Electricity, carrying a Dining Car and an Observation Car.

The Washington and Atlantic Express, also an Electric Lighted Vestibuled train, will leave Cincinnati at 7:00 p. m., reaching Washington 2:40 p. m. and Old Point Comfort 6:00 p. m. Connection is made at Washington with the Boston Express or the Limited, reaching New York about 9:00 p. m. At Norfolk connection is made with the Old Dominion Steamship Line, reaching New York 3:00 p. m. the next day.

New Midland Time Table.

Effective June 3d. Midland trains arrive as follows: No. 8, 8:15 a. m.; No. 2, 11:30 a. m.; No. 4, 7:35 p. m.

East bound trains depart: No. 1, 7 a. m.; No. 7, 1 p. m.; No. 3, 4 p. m.

No. 1 makes connection for Cincinnati, Lexington, Richmond and points south. No. 7 makes connection for Cincinnati.

No. 3 makes connection for Cincinnati, Winchester, Richmond, Maysville, Lexington and points south.

FRANKFORT ROUNDABOUT

FRANKFORT, AUGUST 17, 1895.

Pen. Merchant at Home.

Pen. Merchant came home Tuesday from Greenville, Mississippi, where he has been playing ball for the past two months, the club having disbanded for the season. During the time he was with the Greenville club he played in 34 games, 29 of which the club won, and he was in the pitcher's box the majority of the games—playing in left field when not pitching. Bob Tillford stood sponsor for him when he went to Greenville, and the following averages show how well he sustained Bob's recommendation, for he leads all the rest in everything:

	AB.	R.	H.	AV.
Merchant.....	113	40	46	.323
Blake.....	101	22	32	.316
Wheeler.....	92	19	29	.315
Lacourage.....	123	22	38	.309
Wilkinson.....	105	19	29	.276
O'Neill.....	128	25	35	.273
Starling.....	78	13	17	.215
O'Donnor.....	76	11	19	.250
Ireys.....	64	8	13	.203
Richards.....	20	2	2	.100

In addition to the above he has 80 stolen bases to his credit.

Lacourage was the change pitcher, and Starling is a son of Mr. Lyne Starling, formerly of this city, who was one of the best players in the old Capital and Valley clubs in the early days of base ball in this city.

The people of Greenville like Pen so well that they want him to remain in their city and have secured him a good position which he will return there to accept about the middle of September.

An Old Well.

In preparing to put down the artificial stone pavement in front of the old Mansion House block, on St. Clair street Tuesday, the workmen uncovered an old well at the corner of Main which has been closed so long that but few of the present residents of the city remember when it was in use.

Bishop Gaines Coming.

Rt. Rev. W. J. Gaines, of Atlanta, Georgia, will preach at St. John's A. M. E. Church tomorrow morning and evening. Everybody is invited to come and hear him. Bishop Gaines is an earnest christian and a strong preacher, who will interest all who may go to hear him.

Cloud Burst.

While there was only a light shower, with some wind, in this city Friday evening there was almost a cyclone and a cloud burst out on the Lawrenceburg pike

near Farmdale. A number of large trees were blown down, one across the pike just beyond the spout spring, and the rain fell in torrents for an hour and a half, causing Cedar Run to rise about four feet in a short time. The pike was badly washed in a number of places.

New Pastor.

Rev. Father Thomas Major, of Winchester, has been assigned to the pastorate of the Church of the Good Shephard in this city by Bishop Meas. Father Major is a nephew of the late Mrs. Margaret Holeman and during the war was a Confederate soldier in General John Morgan's command. He took charge of the Church Sunday.

Resolutions of Respect on the Death of J. B. Meek.

At the last meeting of the Frankfort Association of Stationary Engineers a committee was appointed consisting of Marcus A. Jones, Hugh Rensford and Charley Fosse, to draft resolutions in relation to the death of J. B. Meek, a member of the Association.

The following resolutions were reported and unanimously adopted: WHEREAS, It has pleased an Almighty and Wise Providence to remove from our midst our beloved and honored brother, J. B. Meek:

Resolved, That we have lost a good and faithful member of our order.

Resolved, That in his untimely taking off, we deeply appreciate the loss sustained by our lodge.

Resolved, That not only will his death remove a friend and co-worker from our midst, but the Stationary Engineers' Association will keenly feel the vacancy created as one most difficult to fill.

Resolved, That we tender our heartfelt sympathy and words of comfort to his stricken family in their sad bereavement, and bow in humble submission to Him who doeth all things well.

Resolved, That a copy of these resolutions be spread on our minutes, published in the daily papers and a copy of each furnished the afflicted family.

Elkhorn Association.

Elkhorn Baptist Association, the oldest association in the State, met this week with the church at Stamping Ground, and quite a number of ladies and gentlemen from this city attended. The church is one hundred years old, and in meeting with the congregation the association was aiding it in celebrating its centennial year.

Deaths.

FORD—Mrs. Anna M. Ford, widow of the late Jeff Ford, of this county, died at Carrollton Monday of heart failure, aged 71 years. The deceased was an aunt of Mrs. Kate Mahoney, of this city, and of Mr. James W. Alley, of Fors of Elkhorn. The remains were buried at New Castle Tuesday.

GRAHAM—At Sailor Springs, Illinois, August 5th, 1895, Miss Emma Graham, formerly of this city, but for several years past she had made her home with her uncle, W. M. Smith, of Illinois. She had always been blessed with good health until last winter, when she was taken with a very severe cold which finally ended in consumption. The deceased was a consistent member of the Christian Church and died in the full fellowship of that church. Her funeral took place on Wednesday, the 7th instant, services being conducted by Rev. Wilfred Field. She was followed to her last resting place by the largest procession ever witnessed in Sailor Springs.

She was a great favorite and loved by all who knew her. She leaves to mourn her loss four brothers and two sisters, the latter being Mrs. A. K. Stephens, of Glendale, Ohio, and Miss Lula Graham, of this city, both of whom were at her bed-side at the time of her death.

GRAVES—Mr. William Graves died Thursday at his home near the Old Crow Distillery after a long illness with fever.

WILLIAMS—Mrs. Mary E. Williams, wife of Mr. M. H. P. Williams, Jr., died Sunday morning at the home of her husband on Second street, after a lingering illness of consumption. While she had been extremely ill for several weeks her death, at the time, came as a sad surprise to her family and friends. The deceased was an excellent christian lady, the oldest daughter of the late Charles T. Egbert, and leaves a husband and one son, together with a large relationship to mourn her death. The funeral took place Monday afternoon from the Baptist Church, of which she had been a member for years.

Not Doing Well.

Little Alex. Szymanski, who fell from the wall near the city wharf several weeks ago, is not improving as rapidly as his physicians hoped. An examination of his injuries on Thursday revealed the fact that the fractured bones were not knitting and the wounds healing but slowly, and his ultimate recovery is still considered a matter of doubt.

Lowered the Record.

Mr. Ed Ayers' fine mare, Beuzetta, continued her victorious career by winning another \$2,000 purse at Buffalo, New York, on Friday of last week. She dropped the first heat to Klamath in 2:10 1/4, finishing seventh, but won the next three in 2:07 1/2, 2:11 1/2 and 2:06 1/4. Her last heat lowered her own record and also the track record.

Had a Great Time.

The Y. M. I. excursion up the river on the Falls City Wednesday evening was a great success. Two hundred and twenty-five young people went along and enjoyed the evening in dancing and pleasant conversation.

The Campaign to Open.

The political campaign will be opened in Louisville on Monday by a joint debate between Col. W. O. Bradley and Gen. P. W. Hardin, Republican and Democratic candidates for Governor.

Switzer.

The wonder of the town this week is the absence of two box cars which have been standing on the side track here for two years, and which several good men and boys have vainly been trying to load. The agent at this place became disgusted and ordered them shipped back to Frankfort to be washed out and prepared for the Postal Telegraph Company. We are sorry to give them up but suppose others will be sent to take their place.

Elkhorn Baptist Association has been in session in Stamping Ground this week and there have not been enough people left in this place to watch Mr. E. R. Jones' watermelon patch.

Mr. William H. Switzer says he will soon have a fine cage ready for his little red bird. When you pass up Main street do not fail to turn north and take a look at his cage.

Mr. B. D. Head returned Wednesday from Monterey, where he has been to visit his sick mother. Br. Head says he always has the prettiest girls to go to see, but unfortunately can never get any of them to say yes.

The Council of the Order of National Fraternal Union recently organized here held its third meeting since July 10th with a large attendance and five new members to join the order. Prof. R. R. Hutchinson, of Corinth, Grant county, delivered an address. The County Deputy, Mr. S. E. Vaughan, who is located here, is working faithfully in the interest of the order and gathering in new accessions right along.

Mr. Wm. Wright, of Frankfort, was in the village Wednesday on important business.

Col. Con. McCarty, of Frankfort, was also here on Wednesday on business.

Mr. John H. Switzer, our merchant, left Wednesday afternoon for Cincinnati to purchase a stock of fine goods.

Mr. B. F. Jones will overhaul and put in perfect repair the old flour and grist mill at this place, so that as good flour and meal can be ground there as in its palmiest days.

Mr. E. R. Jones is thinking of establishing a large canning factory here in the near future.

The North Fork Baptist Church near here has the largest Sunday-school in Franklin county outside of Frankfort.

Dr. Dawson says the health of this community is alarmingly good just now.

Crops of all kinds are better in this vicinity than they have been for years.

Mr. S. E. Vaughan is of the opinion that the bees are all out on a strike or a big spree. The apple crop is so large and the bees are drinking so much cider that they are getting into bad habits, and it is hard to tell which is the worst—men, bees or dogs. The men have all gone wild and are shooting everything they come in contact with, the bees are drunk and stinging everything and everybody and the dogs are going mad and running loose on the roads and in the pastures, so wither are we drifting.

The sun, moon and stars shine on Switzer as well as the balance of the world. THE ELITE.

CHICAMAUGA DEDICATION.

Secure Your Bunks In Advance.

For the benefit of old soldiers and others intending to be present at the dedication of the National Park comprising the battle-field of Chicamauga, near Chattanooga, next month, we publish the following circular, which has been sent out from Washington:

WASHINGTON, D. C.
August 7, 1895.

It appears from numerous letters received by this Commission that its previous circular in regard to furnishing quarters in camp barracks has been construed to mean that such barracks will be erected without regard to the orders received, and that those desiring these quarters can obtain them upon their arrival at Chattanooga. This, however, is not the case.

As Congress made no appropriation for free quarters, a plan was devised by which barracks accommodations could be provided by the Citizens' Committee at Chattanooga at a very low rate for all who might order such a sufficient time in advance. It is the intention to extend barracks as orders for accommodations are received. Such accommodations can not be provided under applications received after August 30, 1895.

Those who send two dollars to Captain Charles F. Muller, Chattanooga, Tennessee, will receive in return a ticket which will entitle the holder to a comfortable barracks bunk for the entire time of his stay at Chattanooga, including safe storage for hand baggage and toilet accommodations. It will not be possible to furnish ladies with quarters in these barracks, or to supply meals or lunches in connection with them. It will be necessary for each person to bring his own blanket and towels. The barracks will be constructed upon the plan adopted at the last Grand Army Encampment at Washington City, where a very large number of veterans were thus housed. Such structures will be erected in Chattanooga where, within convenient distance, meals and lunches may be obtained at reasonable prices.

Communications in regard to barracks addressed to Captain Muller, who was selected by the Citizens' Committee to take charge of this work, will receive prompt and reliable attention.

The indications of a very large attendance at the dedication are such as to lead this Commission to urge that all contemplating attendance make arrangements in advance for quarters. A Citizens' Executive Committee, of which Captain H. S. Chamberlain is Chairman, is now canvassing the city of Chattanooga to find quarters in private families for those who desire such accommodations. Full information may be obtained by addressing that Committee, and assurances have been given that rates will be reasonable.

J. S. FULLERTON,
Chairman of Commission.

Fine rains.

Miss Emma Chenault, of Richmond, is visiting Miss Fogg.

Tobacco harvest will begin this week and continue through October.

Mr. Floyd Arnold and wife, of Benson, are visiting his brother, Mr. L. T. Arnold, at Jetts.

Apples are worth only 15 cents per bushels, but won't we have cider though?

Woodford will have a general harmonizing shake up in the way of a Democratic primary on September 6th.

During a recent Baptist meeting held at Millville, forty six persons joined the church, not one of whom was under sixteen years of age and twenty of them consisted of gentlemen with their wives.

The schools are about to open and the little folks are afflicted with stay-at-home fever. Apples

and watermelons don't grow in schoolhouses.

The candidacy of Capt. Swigert is very favorably received here, and quite a number of his Democratic friends will support him, though he is a Republican. They, or I may say we, know he is an intelligent gentleman, honest and patriotic, and have no fears that if he is elected he will do his best for his people without the least regard to party or personal interests. We know he is worthy and many will support him from the Democratic ranks.

We heard a Republican and a Democrat talking of Swigert's candidacy, and they agreed that he should be tendered a burgoon at Jetts during the canvass and I have no doubt that a joint committee of the two parties will see to it that the programme is carried out. BULLDOZER.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURRETT, LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 3,488 hhds. with receipts for the same period of 2,462 hhds. Sales on our market since January 1st amount to 124,495 hhds. Sales of the crop of 1894 on our market to this date amount to 124,379 hhds.

The characteristic of the burley market this week has been its irregularity, at times there was a decided falling in prices on some grades, but values at the close of the week ruled about as they did last week. The growing burley crop, while less in acreage than the crop of last year, is generally reported in good condition with prospects of a full yield.

The following quotations fairly represent our market for burley tobacco 1894 crop:

Trash (dark or damaged)	\$1 50@	\$2 75
Common Colory trash	2 75@	3 25
Medium to good colory	3 50@	5 00
Common lugs not colory	2 50@	3 50
Common Colory lugs	4 00@	5 50
Medium to good colory	5 50@	8 00
Common to medium leaf	5 00@	7 50
Medium to good leaf	7 50@	12 00
Good to 12 good leaf	12 00@	15 00
Select or wraperry	15 00@	25 00
